Savannah Tennis

Savannah Tennis, located in the low country of Georgia, has been in the tennis specialty business since 2002. Surrounded by five private clubs, and one public facility, Savannah Tennis offers numerous products and services to the members of all these communities.

Like most tennis specialty stores, Savannah Tennis carries tennis racquets from Head, Wilson, Prince, and Babolat, and clothing lines such as Nike, Tail, and Bolle. However, one thing that sets Savannah Tennis apart from other specialty stores is their racquet stringing service. The shop has six stringing machines, and two full time stringers. Manager, Mike Costanzo says, "Without our stringing business, we wouldn't have a business. We promise our customers that we will string while they wait if they need us to. It's the focal point of our business." Savannah Tennis hopes that stringing on the spot and keeping a good selection of products will enable them to sustain themselves as a premier tennis specialty store.

If you would like to visit the store, contact Mike Costanzo, at 912-354-1858.
